Subject Index – Volume 16 2002

Abstracts not included

Acoustic Startle Response
– effects of ketanserin and haloperidol in man 15
Alcohol
– behavioural effects of with triazolam and temazepam in humans 23
– driving performance with emedastine and cetirizine 57
– effects of in the elevated plus maze 305
– effects of on psychomotor performance and risk taking behaviour in volunteers 379
– tolerance and sensitization to hypnotic effects of in rats 79
Alzheimer's Disease
– effects of tryptophan depletion in 73
Amphetamine
– dexamphetamine prescription to patients with schizophrenia and dependence 373
Animal models
– anxiety; effects of tryptophan depletion 39
– depression; chronic mild stress model 115
– depression; effects of tryptophan depletion 39
– effects of ethanol and ketamine in the elevated plus maze test 305
Antinociception
– dopamine receptor mechanisms 261
– effects of GABA receptor agents on morphine-induced in the formalin test 85
Anxiety
– effects of fluoxetine treatment with depression 215
Attention
– nicotine deprivation 385
Atypical antipsychotics/typical antipsychotics
– cardiotoxicity of measured by heart rate variability 355
– cost-effectiveness of clozapine 169
– review of use of in autism 93
– SPECT study of risperidone and olanzapine binding in schizophrenic patients 200
Autism
– review of use of atypical antipsychotics in 93

Beck Depression Inventory (BDI)
– scores in normal subjects and ecstasy users 103, 273
Behavioural learning
– effects of lorazepam in volunteers 345
Buspirone
– possible serotonin syndrome after combination with St John's Wort 401

Cannabinoids
– interactions with methamphetamine in rats 139
– proenkephalin gene expression in the hypothalamus of rat 283
Cardiotoxicity
– of antipsychotic drugs assessed by heart rate variability 355
– of thioridazine in patients 361
Cetirizine
– effects of on driving 57
Chronic mild stress
– effects of imipramine in mice 115
Clomipramine
– memory performance in panic disorder patients after chronic use 220
Clozapine
– cost-effectiveness of 169
– development of a clinical syndrome of asymptomatic pancreatitis and eosinophilia 399
Cocaine
– craving and its relationship to depressive symptoms 163
– CSF monoamine levels have no relationship to cue-induced craving 227
Cognitive function
– after hypoxemia 337
– effects of corticosteroids in the elderly 65
Cold pressor test
– noradrenaline response to the effects of reboxetine 333
Corticosteroids
– effects of hydrocortisone on cognitive function in the elderly 65
– effects of interferon-α on serum cortisol 230
– modulation of somatodendritic 5-HT1A receptor function in mice 245
Cost-effectiveness study
– clozapine 169
Craving
– cocaine and its relationship to depressive symptoms 163
– CSF monoamine levels in cocaine patients have no relationship to cue-induced 227
Critical flicker fusion
– effects of procyclidine on threshold in healthy subjects 183
CYP2D6
– hydroxylation capacity related to cardiotoxicity of thioridazine 361

Depression
– effects of fluoxetine treatment with comorbid anxiety 215
– relationship of dose of venlafaxine and clinical response 369
Desipramine
– effects on norepinephrine and serotonin concentrations in rat frontal cortex 297
Dexamphetamine
– prescription of to patients with schizophrenia and amphetamine dependence 373
Discontinuation syndrome
– moclobemide 271
Donepezil
– for memory dysfunction in schizophrenia 267
Dopamine
– receptor mechanisms and morphine tolerance in mice 261
Dothiepin
– effects on sleep, daytime sedation, psychomotor performance in volunteers 321
Driving performance
– effects of emedastine and cetirizine, alone and with alcohol 57
– effects of fluoxetine and dothiepin in volunteers 321

Ecstasy
– what is a dose of? 189
Elderly
– effects of corticosteroids on cognitive function 65
– effects of tryptophan depletion on 73
EMD 128 130
– evaluation of occupancy at 5-HT_{1A} and D_2 receptor using human PET 195
Emedastine
– effects of on driving 57

FG 7142
– inhibition by venlafaxine of norepinephrine output elicited by 125
Flumazenil
– producing panic attacks in panic patients after tryptophan depletion 5
Fluoxetine
– effects on norepinephrine and serotonin concentrations in rat frontal cortex 297
– effects on serotonergic transmission in rat frontal cortex 145
– effects on sleep, daytime sedation, psychomotor performance in volunteers 321
– effects on stress-induced increase in neuroactive steroids in rat brain 133
– treatment of depressed patients with comorbid anxiety 215
Formalin test
– effects of GABA receptor agents on morphine-induced antinociception in 85

GABA
– effects of GABAergic drugs on memory retention in rats 313
– effects of receptor agents on morphine-induced antinociception in the formalin test 85
Glucose
– effect of on heart rate and memory in volunteers 241

Haloperidol
– effects of on prepulse inhibition of the acoustic startle response 5
Heart rate variability
– to measure cardiotoxicity of antipsychotic drugs 355
Huntington's disease
– improvements with minocycline 393
Hypoxemia
– evaluation of tests for a model of cognitive impairment 337

Imipramine
– effects of in chronic mild stress model in mice 115
Ingestive behaviour
– effects of olanzapine in the rat 35, 291
Interferon-
– effects on serum cortisol and plasma interleukin-6 in volunteers 230
Interleukin-6
– effects of interferon- in volunteers 230

Ketamine
– effects of in the elevated plus maze 305
Ketanserin
– effects of on prepulse inhibition of the acoustic startle response 5

Lorazepam
– effects of on memory and behavioural learning in volunteers 345

MDMA
– what is a dose of? 189

Memory
– donepezil in schizophrenia 267
– effect of glucose administration and emotion on 241
– effects of GABAergic drugs on memory retention in rats 313
– effects of lorazepam in volunteers 345
– in panic disorder patients after chronic clomipramine 220
Methamphetamine
– interactions with cannabinoids in rats 139
Milnacipran
– induces desensitisation of 5-HT_{1A} autoreceptors in rats 253
Minocycline
– effects in a patient with Huntington's disease 393
Mirtazapine
– effects of on stress-induced increase in neuroactive steroids in rat brain 133
Moclobemide
– discontinuation syndrome 271

Neuroactive steroids
– effects of fluoxetine and mirtazapine on in rat brain 133
Nicotine dependence
– selective processing of smoking-related cues in smokers 385
Nimodipine
– prevents scopolamine-induced impairments in object recognition 153
Norepinephrine/noradrenaline
– response to reboxetine in the cold pressor test 333
– venlafaxine inhibits increase of in rat prefrontal cortex 125

Object recognition
– effects of nimodipine on scopolamine-induced impairments of 153
Olanzapine
– characterisation of -induced weight gain in the rat 291
– efficacy in social anxiety disorder 365
– enhances ingestive behaviour in the rat 35
– possible association with prolongation of the PR interval 181
– striatal dopamine D_2 binding in schizophrenic patients assessed by SPECT 200

Panic
– does 5-HT restrain; effects of tryptophan depletion on 5
– memory in patients after chronic clomipramine use 220
Paroxetine
– acute dystonic reaction in an elderly patient 395
– effects of tryptophan depletion on panic disorder patients treated with 5
– effects of vigilance performance in human volunteers 207
– effects on norepinephrine and serotonin concentrations in rat frontal cortex 297
Phenylalanine depletion
– behavioural effects of in male volunteers 51
Positron Emission Tomography (PET)
– study evaluating EMD 128 130 occupancy of 5-HT1A and D2 receptor in humans 195
Prefrontal cortex
– inhibition of norepinephrine output by venlafaxine 125
Prepulse inhibition
– effects of ketanserin and haloperidol in man 15
Procyclidine
– effects of on critical flicker fusion threshold and heart rate in healthy subjects 183
Psychomotor performance
– after hypoxemia 337
– effects of alcohol in volunteers 379
– effects of fluoxetine and dothiepin in volunteers 321

Reboxetine
– effects on the noradrenaline response to a cold pressor test in volunteers 333
Risk-taking behaviour
– effects of alcohol in volunteers 379
Risperidone
– side effects of mimicking CSF shunt malfunction 177
– striatal dopamine D_2 binding in schizophrenic patients assessed by SPECT 200

Schizophrenia
– donepezil for memory dysfunction 267
– prescription of dexamphetamine to patients with amphetamine dependence 373
Scopolamine
– induced impairments in object recognition 153
Serotonin (5HT)
– corticosterone modulation of 5-HT_{1A} receptor function in mice 245
– milnacipran induces desensitisation of 5-HT_{1A} autoreceptors in rats 253
– syndrome after buspirone and St John's Wort 401
– syndrome in patient receiving SSRI and $5HT_3$ receptor antagonist 191
– tryptophan depletion and panic disorder 5
Sertraline
– effects of vigilance performance in human volunteers 207
Sleep
– effects of fluoxetine and dothiepin in volunteers 321
Social Anxiety Disorder
– efficacy of olanzapine 365
SPECT
– dopamine D_2 receptor binding of risperidone and olanzapine in schizophrenic patients 200
St John's Wort
– possible serotonin syndrome after combination with buspirone 401

Temazepam
– acute behavioural effects of alone and with ethanol in volunteers 23
Thioridazine
– Qtc interval lengthening is related to $CYP2D_6$ hydroxylation in patients 361
Tolerance
– to the hypnotic effects of alcohol in rats 79
Triazolam
– acute behavioural effects of alone and with ethanol in volunteers 23
Tryptophan depletion
– anxiogenic and depressive-like effects in the rat 39
– effects of in panic disorder 5
– effects on cortisol in Alzheimer's disease and the elderly 73
Tyrosine depletion
– behavioural effects of in male volunteers 51

Venlafaxine
– effects on norepinephrine and serotonin concentrations in rat frontal cortex 297
– inhibits norepinephrine output in prefrontal cortex elicited by acute stress or FG 7142 125
– relationship of dose, plasma concentration and clinical response in depression 369
Vigilance
– effects of serotonin reuptake in man 207

WAY-100635
– effects of on serotonergic transmission in rat frontal cortex 145
– effects on norepinephrine and serotonin concentrations in rat frontal cortex 297
